

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a blatant misuse of public airwaves and a violation of the American people's trust. Companies like Sinclair are the reason many viewers feel they're living in a government controlled media state. This is not what a democracy is supposed to be about.

As the watchdog organization for the public airwaves, please act to prevent this outrageously partisan attempt to impact the election. Please, Please, Please... do not allow Sinclair to get away with this shameful behavior. Do your part to strengthen the media ownership rules and hold companies like Sinclair Broadcasting accountable for their actions.
